

The background of the image shows three glass bottles of maple syrup. The bottle on the left is in the foreground and is slightly out of focus. The middle bottle is in the background and is also slightly out of focus. The bottle on the right is in the foreground and is in sharp focus. The syrup inside the bottles is a rich, golden-brown color. The bottles are set against a dark, textured wooden surface.

Maple Quiz 1

There's no time to waste when making maple syrup!
How long does maple season last?

A. 1 weekend

B. 2-3 weeks

C. 4-6 weeks

D. 4 months

Answer on next slide.

Maple Quiz Answer 1

**There's no time to waste when making maple syrup!
How long does maple season last?**

A. 1 weekend

B. 2-3 weeks

C. 4-6 weeks

D. 4 months

The correct answer is 4 to 6 weeks. Making maple syrup requires a lot of patience boiling the sap, but there's no time to waste since the season is

short.

Maple Quiz 2

At what temperature does sap become maple syrup?

- A. 0 Celsius
- B. 40.1 Celsius
- C. 104.1 Celsius
- D. 140.1 Celsius

Answer on next slide.

Maple Quiz Answer 2

At what temperature does sap become maple syrup?

A. 0 Celsius

B. 40.1 Celsius

C. 104.1 Celsius

D. 140.1 Celsius

The correct answer is 104.1 Celsius.
You may not serve your maple syrup hot,
but it certainly starts out hot!

Maple Quiz 3

How many litres of sap does it take to make one litre of maple syrup?

A. 20 litres

B. 40 litres

C. 60 litres

D. 80 litres

Answer on next slide.

Maple Quiz Answer 3

How many litres of sap does it take to make one litre of maple syrup?

A. 20 litres

B. 40 litres

C. 60 litres

D. 80 litres

The correct answer is 40 litres.
Sap doesn't go quite as far as you might hope.

Maple Quiz 4

Which of these options is NOT part of Canada's colour-based syrup-grading system?

A. Golden

B. Amber

C. Dark

D. Goal-light Red

Answer on next slide.

Maple Quiz Answer 4

Which of these options is NOT part of Canada's colour-based syrup-grading system?

A. Golden

B. Amber

C. Dark

D. Goal-light Red

Goal-light Red is not in the grading system. Maple Syrup is graded based on colour and taste. From lightest to darkest, they are Gold, Amber, Dark, and Very Dark.

Maple Quiz 5

Which Canadian province produces 70% of the world's maple syrup?

A. Ontario

B. Quebec

C. Nova Scotia

D. British Columbia

Answer on next slide.

Maple Quiz Answer 5

Which Canadian province produces 70% of the world's maple syrup?

A. Ontario

B. Quebec

C. Nova Scotia

D. British Columbia

The correct answer is Quebec.

So many sugar maples, so much maple syrup!

Maple Quiz 6

How much of the world maple syrup supply comes from Canada?

A. 50%

B. 80%

C. 100%

D. 200%

Answer on next slide.

Maple Quiz Answer 6

How much of the world maple syrup supply comes from Canada?

A. 50%

B. 80%

C. 100%

D. 200%

There's a good reason Canada has a maple leaf on its flag. Canada produces 80% of the world's maple syrup supply.

Maple Quiz 7

Roughly how many litres of maple syrup can a single tree yield in one season?

A. 1 litre

B. 2 litres

C. 5 litres

D. 10 litres

Answer on next slide.

Maple Quiz Answer 7

Roughly how many litres of maple syrup can a single tree yield in one season?

A. 1 litre

B. 2 litres

C. 5 litres

D. 10 litres

Just 1 litre! Even if you have your own maple tree, it might not be enough to meet your maple syrup needs.

Maple Quiz 8

Roughly how long does a maple tree have to grow before it can be tapped for sap?

A. 5 years

B. 10 years

C. 40 years

D. 80 years

Answer on next slide.

Maple Quiz Answer 8

Roughly how long does a maple tree have to grow before it can be tapped for sap?

A. 5 years

B. 10 years

C. 40 years

D. 80 years

40 years is correct answer.

If you are planting a tree for maple syrup purposes, you might have to wait a while!
